Dear Lill;

Enclosed from Morace and my reply.

If he has not written you I guess he will write you in a few days.

Lill Investigate the cost of an administration, and if the children dont come to some agreement, I shall avor your proceeding with an administration .

If you do as soon as the letters are granted, you will have authority to sell.

Now if you dont want to worry with the matter it can wait. but Papa's land lies right in between yours. and Nettie might fool away her undivided interest and then home one might get in you way.

I shall do my best to get each one to write you. begging you to serve.

If you hear from them advise me.

Yours

Pitt.
